Subject: Electrical Storm

No. 2009/5
Date: April 14, 2009

At approximately 11 PM on Monday night, an electrical storm set off five rockets in Brazzaville. Press reports have blamed the launch on rebel groups, but all information available to the Embassy indicates that the rockets were set off accidentally by a lightning strike. No injuries have been reported. The Embassy continues to closely monitor the situation and will send out more information as it becomes available.

The U.S. Embassy is located on Boulevard Maya-Maya across from the Blanche Gomez Hospital. The Consular Section can be reached at +242 612-2046 during business hours or at +242 444-0013 for after-hours emergencies.
