Taxi Cabs in the Republic of Congo

Embassy Brazzaville does not recommend or endorse the use of taxi cabs or other forms of public transportation in the Republic of the Congo. Most of these vehicles are not equipped with seatbelts or other standard safety features required in the United States. Please keep this risk in mind if you choose to use this form of transportation. For additional information on travel to Congo-Brazzaville, see the U.S. Department of State's [Country Specific Information](#).
